ANNUAL REPORT

(for the Year Ending December 31, 2021)

CITY CENTER WEST COMMERCIAL METROPOLITAN DISTRICT (the "DISTRICT")

Pursuant to Section VII of the Second Amended and Restated Consolidated Service Plan for City Center West Commercial Metropolitan District, City Center West Residential Metropolitan District and City Center West Residential Metropolitan District No. 2, approved by the Town of Greeley on August 16, 2016 (the "Service Plan").

1. Progress of the District in the Implementation of its Service Plan

In 2021, the District continued to construct or finance the public improvements authorized in the Service Plan, and in 2020, issued bonds (discussed below) to refund the City Center West Residential Metropolitan District's (the "**Residential District**") 2014 Bonds, and to reimburse the costs of construction of certain public improvements, including streets, sanitation, drainage and storm water, and parks and recreation improvements.

2. 2021 Audit

The audit for the year ended December 31, 2021 is attached hereto as **Exhibit A**.

3. Summary of Capital Expenditures Incurred by the District in the Development of Public Improvements and Proposed for the Next Five (5) Years

In 2021, the District continued to construct or finance the public improvements authorized in the Service Plan, and in 2020, issued bonds (discussed below) to refund the Residential District's 2014 Bonds, and to reimburse the costs of construction of certain public improvements, including streets, sanitation, drainage and storm water, and parks and recreation improvements. Please see the Cost Certification Reports, attached as **Exhibit B** hereto. In the next five (5) years, the District anticipates continuing to construct or finance the public improvements authorized in the Service Plan.

4. Financial Obligations of the District

Effective December 1, 2014, the District entered into that certain Capital Pledge Agreement with the Residential District, for the purpose of providing for the payment of the Residential District's Limited Tax General Obligation and Special Revenue Bonds, Series 2014A, and Subordinate Limited Tax General Obligation and Special Revenue Bonds, Series 2014B as more particularly described therein (the "2014 Bonds").

In 2020, the Board of the District adopted a Resolution authorizing the issuance of the proposed Limited Tax General Obligation Refunding and Improvement Bonds, Series 2020A and Subordinate Limited Tax General Obligation Bond, Series 2020B, in a combined

aggregate principal amount not to exceed \$11,000,000 (the "2020 Bonds"), which were issued on April 9, 2020. The Commercial District's 2020 Bonds refunded the Residential District's 2014 Bonds. The Project Funds of the 2020 Bonds have been used, and will be used, to reimburse the costs of construction of certain public improvements, including streets, sanitation, drainage and storm water, and parks and recreation improvements. Please see the Cost Certification Reports, attached as **Exhibit B** hereto.

Please also see the District's capital fund expenditures in the 2021 Audit attached as $\underline{\textbf{Exhibit}}$ hereto.

The District's 2021 Audit sets forth the amount of outstanding debt, the payment or retirement of debt during 2021. The District's 2022 Budget, attached as **Exhibit C** hereto, includes the assessed valuation of all property within the District in 2021, and the District's current mill levy pledged to debt.

5. <u>2021 Residential and Commercial Development Summary</u>

The Service Plan requires commercial property to be in the boundaries of the District, and residential property to be in the boundaries of either the Residential District or City Center West Residential Metropolitan District No. 2.

There were no building permits nor certificates of occupancy issued for residential construction in 2021.

6. Fees, Charges and Assessments in the District

The District did not impose any fees, charges or assessments in 2021.

7. Copies of any Intergovernmental Agreements entered into by the District in 2021

The District did not enter into any Intergovernmental Agreements in 2021.

8. District Certification/No Material Modifications

No action, event or condition occurred in 2021 which violates the Service Plan or requires an amendment to the Service Plan.

9. Current Year Contact Information and Regular Meetings

Please find attached **Exhibit D**, a list containing the name, business address and telephone number of each member of the Board of Directors, the District Manager and General Counsel.

City Center West Commercial Metropolitan District 2021 Annual Report Page 3

The District's Regular Meeting for 2022 are: June 6, 2022 and November 7, 2022, at 1:00 PM, via conference call.

10. 2022 Adopted Budget

The District's 2022 Budget is attached hereto as **Exhibit C**.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
City Center West Commercial Metropolitan District

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of City Center West Commercial Metropolitan District (the "District"), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, based on our audit, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of City Center West Commercial Metropolitan District, as of December 31, 2021, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

Required Supplementary Information

The District has not presented Management's Discussion and Analysis that accounting principles generally accepted in the United States of America have determined necessary to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economical, or historical context. Our opinions on the basic financial statements are not affected by the missing information.

The budgetary comparison information in section D is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

INDEPENDENT AUDITOR'S REPORT
To the Board of Directors
City Center West Commercial Metropolitan District

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements taken as a whole. The individual fund budgetary comparison found in Section E is presented for purposes of additional analysis and is not a required part of the financial statements. The individual fund budgetary comparison found in Section E, is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

I. Summary of Significant Accounting Policies

City Center West Commercial Metropolitan District (the "District"), a quasi-municipal corporation, was organized on April 17, 2008, and is governed pursuant to provisions of the Colorado Special District Act. Organization of the District was preceded by the September 4, 2007 approval by the City Council of the City of Greeley (the "City") of a Consolidated Service Plan (the "Original Service Plan") for the District and City Center West Residential Metropolitan District (the "Residential District"). The Original Service Plan was superseded by the August 16, 2016 approval by the City Council of the Second Amended and Restated Service Plan for the District, the Commercial District and City Center West Residential Metropolitan District No. 2 (the "Service Plan"). The District was established for the purpose of financing and constructing public improvements benefiting the inhabitants and taxpayers of the District and the Residential District as set forth in the Service Plan. It is anticipated in the Service Plan that substantially all of the public improvements will be dedicated to the City of Greeley (the "City"). The District currently contains approximately 53 acres of property located in the northwestern portion of the City.

The financial statements of the District have been prepared in conformity with U.S. generally accepted accounting principles ("GAAP") as applied to government units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. Reporting Entity

The District is governed by an elected Board which is responsible for setting policy, appointing administrative personnel and adopting an annual budget in accordance with the provisions of the Colorado Special District Act. The reporting entity consists of (a) the primary government (i.e., the District), and (b) organizations for which the District is financially accountable or the organization's primary purpose is to benefit the District. The District is considered financially accountable for legally separate organizations if it is able to appoint a voting majority of an organization's governing body and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on the District. Consideration is also given to other organizations which are fiscally dependent; i.e., unable to adopt a budget, levy taxes, or issue debt without approval by the District. Organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete are also included in the reporting entity.

The District is not financially accountable for any entity based on the above criteria nor is the District a component unit of any other entity.

B. Government-wide and Fund Financial Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type.

1. Government-wide Financial Statements

In the Statement of Net Position, the District's activities are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts—invested in capital assets, net of related debt; restricted; and unrestricted net position.

I. Summary of Significant Accounting Policies (continued)

B. Government-wide and Fund Financial Statements (continued)

1. Government-wide Financial Statements (continued)

The focus of the Statement of Net Position and the Statement of Activities is on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

2. Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The fund focus is on current available resources and budget compliance. The District reports the following governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources not required to be accounted for in another fund.

The Debt Service Fund is used to account for property taxes and other revenues used to pay principal, interest, and related costs on debt.

The Capital Projects Fund is used to account for the funding, acquisition, and construction of major capital projects and infrastructure.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

Measurement focus refers to whether financial statements measure changes in current resources only (current financial focus) or changes in both current and long-term resources (long-term economic focus). Basis of accounting refers to the point at which revenues, expenditures, or expenses are recognized in the accounts and reported in the financial statements.

1. Long-term Economic Focus and Accrual Basis

Governmental activities in the government-wide financial statements use the long-term economic focus and are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of the related cash flows.

2. Current Financial Focus and Modified Accrual Basis

The governmental fund financial statements use the current financial focus and are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter (within 60 days of December 31) to be used to pay liabilities of the current period. Expenditures are generally recognized when the related liability is incurred. The exception to this general rule is that principal and interest on general long-term debt, if any, is recognized when due.

I. Summary of Significant Accounting Policies (continued)

D. Financial Statement Accounts (continued)

1. Cash and Cash Equivalents

Cash and cash equivalents are defined as deposits that can be withdrawn at any time without notice or penalty and investments with maturities of three months or less.

2. Fund Balance

The District classifies governmental fund balances as follows:

Non-spendable - includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.

Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.

Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority which is the Board of Directors.

Assigned – includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the Board of Directors or its management designee.

Unassigned - includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The District uses restricted amounts first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the District first uses committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The District does not have a formal minimum fund balance policy. However, the District's budget includes a calculation of targeted reserve positions and management reports the target amounts annually to the Board of Directors.

II. Reconciliation of Government-wide and Fund Financial Statements

A. Explanation of differences between the governmental fund Balance Sheet and the government-wide Statement of Net Position

The governmental fund Balance Sheet and the government-wide Statement of Net Position include a reconciling column. Explanation of the adjustments included in the reconciling column is as follows:

Developer advance payable	\$ 60,915
Developer interest payable	2,777
Bond interest payable	233,470
Bonds payable	9,157,000

Long-term liabilities are not due and payable in the current period and therefore not reported in the funds.

B. Explanation of differences between the governmental fund Statement of Revenue, Expenditures and Changes in Fund Balance and the government-wide Statement of Activities

The governmental fund Statement of Revenue, Expenditures and Changes in Fund Balance and the government-wide Statement of Activities include a reconciling column. Explanation of the adjustments included in the reconciling column is as follows:

Developer advance - operating	\$ 28,133
Developer advance - interest	2,511

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.

Change in accrued interest \$ 111,012

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, are not reported as expenditures in the governmental funds.

III. Stewardship, Compliance, and Accountability

A. Budgets and Budgetary Accounting

In the fall of each year, the District's Board of Directors formally adopts a budget with appropriations by fund for the ensuing year pursuant to the Colorado Local Budget Law. The budget for the governmental funds is adopted on a basis consistent with U.S. generally accepted accounting principles ("GAAP").

(1) For the 2021 budget, prior to August 25, 2020, the County Assessor sent to the District a certified assessed valuation of all taxable property within the District's boundaries. The County Assessor may change the assessed valuation on or before December 10, 2020 only once by a single notification to the District.

III. Stewardship, Compliance, and Accountability (continued)

A. Budgets and Budgetary Accounting (continued)

- (2) On or before October 15 of each year, the District's management normally submits to the District's Board of Directors a recommended budget which details the necessary property taxes needed along with other available revenues to meet the District's operating requirements.
- (3) For the 2021 budget, prior to December 15, 2020, the District computed and certified to the County Commissioners a rate of a levy that derived the necessary property taxes as computed in the proposed budget.
- (4) After a required publication of "Notice of Proposed Budget" and a public hearing, the District adopts the proposed budget and an appropriating resolution, which legally appropriated expenditures for the upcoming year.
- (5) After adoption of the budget resolution, the District may make the following changes: (a) transfer appropriated monies between funds or between spending agencies within a fund, as determined by the original appropriation level; (b) supplement appropriations to the extent of revenues in excess of those estimated in the budget; (c) emergency appropriations; and (d) reduce appropriations for which originally estimated revenues are insufficient.
- (6) All appropriations lapse at a year-end.

Taxes levied in one year are collected in the succeeding year. Thus taxes certified in 2020 were collected in 2021 and taxes certified in 2021 will be collected in 2022. Taxes are due on January 1st in the year of collection; however, they may be paid in either one installment (no later than April 30th) or two equal installments (not later than February 28th and June 15th) without interest or penalty. Taxes that are not paid within the prescribed time bear interest at the rate of one percent (1%) per month until paid. Unpaid amounts and the accrued interest thereon become delinquent on June 15th.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the District because it is at present considered not necessary to assure effective budgetary control or to facilitate effective cash planning and control.

B. TABOR Amendment - Revenue and Spending Limitation Amendment

In November 1992, Colorado voters amended Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights ("TABOR"). TABOR contains revenue, spending, tax and debt limitations which apply to the State of Colorado and local governments. TABOR requires, with certain exceptions, advance voter approval for any new tax, tax rate increases, a mill levy above that for the prior year, extension of any expiring tax, or tax policy change directly causing a net tax revenue gain to any local government.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future fiscal years.

III. Stewardship, Compliance, and Accountability (continued)

B. TABOR Amendment - Revenue and Spending Limitation Amendment (continued)

TABOR also requires local governments to establish emergency reserves to be used for declared emergencies only. Emergencies, as defined by TABOR, exclude economic conditions, revenue shortfalls, or salary or fringe benefit increases. These reserves are required to be 3% or more of fiscal year spending (excluding bonded debt service). The District restricted \$1,663 of its December 31, 2021 year-end fund balance in the General Fund for emergencies.

The initial base for local government spending and revenue limits is December 31, 1992, fiscal year spending. Future spending and revenue limits are determined based on the prior year's fiscal year spending adjusted for inflation in the prior calendar year plus annual local growth. Fiscal year spending is generally defined as expenditures and reserve increases with certain exceptions. Revenue, if any, in excess of the fiscal year spending limit must be refunded in the next fiscal year unless voters approve retention of such revenue.

On November 6, 2007, and May 6, 2014, the District's voters approved the ballot issues identified below. A summary of the approved annual revenue and debt increases is as follows:

Ballot Issue	Tax Maximum	Debt Maximum	Purpose, as may be defined more specifically in the ballot issue
5B/5A	2,500,000	not applicable	Administration, operations, maintenance,
	, ,		capital expenses
5C/5B	4,000,000	not applicable	Administration, operations, maintenance,
			capital expenses
5D/5C	100,000,000	not applicable	Intergovernmental joint financing of public
			improvements
50/5D	not applicable	not applicable	Authorization to collect and spend all
	• •		revenues
5E/5E	136,000,000	40,000,000	Street improvements
5F/5F	136,000,000	40,000,000	Parks and recreational facilities
5G/5G	136,000,000	40,000,000	Water infrastructure and services
5H/5H	136,000,000	40,000,000	Sewer and sanitation infrastructure and
			services
/5I	116,000,000	20,000,000	Transportation infrastructure and services
5I/5J	136,000,000	40,000,000	Mosquito control
5J/5K	136,000,000	40,000,000	Traffic and safety controls
/5L	116,000,000	20,000,000	Fire protection
/5M	116,000,000	20,000,000	Television relay and translation system

5L/5P	340,000,000	100,000,000	Debt refinancing
5M/5Q	136,000,000	40,000,000	Intergovernmental agreements or other
			contracts
5N/5R	not applicable	not applicable	Authorization to enter into
			intergovernmental agreements

III. Stewardship, Compliance, and Accountability (continued)

B. TABOR Amendment - Revenue and Spending Limitation Amendment (continued)

The District's management believes the District is in compliance with the financial provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of its provisions, including the interpretation of how to calculate fiscal year spending limits, will require judicial interpretation.

IV. Detailed Notes on all Funds

A. Deposits

The Colorado Public Deposit Protection Act ("PDPA") requires that all units of local government deposit cash in eligible public depositories; eligibility is determined by State regulators. Amounts on deposit in excess of Federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. The PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to the aggregate uninsured deposits.

The State Regulatory Commissions for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

Concentration of Credit Risk: At year end, more than five percent of the District's investments were held in UMB. Such concentration is permitted by the District's investment policy.

B. Investments

The District has adopted a policy which requires it to follow state statutes for investments. Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments, and entities such as the District, may invest which include:

- Obligations of the United States and certain U.S. government agency securities
- · Certain international agency securities
- · General obligation and revenue bonds of U.S. local government entities
- Banker's acceptances of certain banks
- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market mutual funds
- · Guaranteed investment contract
- Local government investment pools

C. Restricted Cash and Investments

The District has restricted \$769,585 (in cash equivalents with UMB) for the bond reserve fund. Detail of the bond reserve fund are found below in the Long-term Obligation note.

IV. Detailed Notes on all Funds (continued)

D. Summary of Cash Deposits and Investments

Cash deposits and investments are reflected on the December 31, 2021 Balance Sheets as follows:

				Matur	ities
Type Deposits:	Rating		arrying mount	Less Than One Year	One to Five Years
Checking and on-demand accounts Cash with county treasurer Investments:		\$	(5,987) 1,336	(5,987)	-
Cash Held by Trustee Bank	Not rated		,106,278 ,101,627	1,106,278	-
Financial Statement Captions:					
Cash and investments - Unrestricted Cash and investments - restricted		\$ <u>\$</u> 1	332,042 769,585 ,101,627		

E. Property Taxes

Property taxes are assessed in one year as a lien on the property, but not collected by governmental units until the subsequent year. In accordance with GAAP, the assessed but uncollected property taxes have been recorded as a receivable and as deferred inflow of resources.

F. Long-term Obligations

1. Limited Tax General Obligation Refunding and Improvements Bonds, Series 2020A

On April 9, 2020, the District issued its \$7,995,000 Limited Tax General Obligation Refunding and Improvement Bonds, Series 2020A (the "2020A Senior Bonds"). Proceeds from the 2020A Senior Bonds were used to refund Series 2014A Senior Bonds and the Series 2014B Subordinate Bonds previously issued by the Residential District, finance public improvements related to the Development, pay capitalized interest on the 2020A Senior Bonds, fund the Senior Reserve Fund and pay other costs in connection with the issuance of the 2020A Senior Bonds and the 2020B Subordinate Bonds (discussed below). The interest on the Series 2020A Senior Bonds is 7% and is payable semi-annually on June 1 and December 1, commencing on June 1, 2020, and shall mature on December 1, 2049.

The Series 2020A Senior Bonds are secured by a Reserve Fund in the amount of \$769,585 which is presented as a restricted fund balance. The Reserve Fund can be released to the Bond Fund if amounts therein are insufficient to pay principal of and interest on the Bonds.

IV. Detailed Notes on all Funds (continued)

F. Long-term Obligations (continued)

Limited Tax General Obligation Refunding and Improvements Bonds, Series 2020A (continued)

The remaining fund balance in the Debt Service Fund of \$347,757 is intended to be used for the principal and interest payment.

2. Subordinate General Obligation Limited Tax Bonds, Series 2020B

On April 9, 2020, the District issued its \$1,162,000 Subordinate General Obligation Limited Tax Bonds, Series 2020B (the "Series 2020B Subordinate Bonds"). Proceeds from the 2020B Subordinate Bonds will be used to finance additional public improvements related to the Development. The interest on the Series 2020B Subordinate Bonds is 9% and is payable annually on each December 15, commencing on December 15, 2020, and shall mature on December 15, 2049. These bonds are subordinate to the Series 2020A Senior Bonds.

3. Developer Advance Payable

Since 2014, the District incurred various operating and maintenance expenses that required the request of advance funds from the Developer. In accordance with the Amended and Restated Operation Funding Agreement discussed in Note V. B. below, there is Developer Advance Payable balance of \$60,915 outstanding at year end.

The interest rate on the Developer Advance Payable is 8%.

4. Authorized, Unissued Debt

At elections held on November 6, 2007, and May 6, 2014, the District's eligible electors authorized the District to issue up to \$500,000,000 in general obligation debt (including operations and maintenance, intergovernmental agreements and debt refunding), of which \$487,161,119 remains unissued as of December 31, 2021 for the various purposes summarized in Note III.B. However, the District and City Center West Residential Metropolitan District shall not issue debt in excess of \$20,000,000 in total aggregate principal amount pursuant to the Service Plan nor in excess of \$13,000,000 pursuant to the Debt Allocation IGA (defined and discussed below). The Board of Directors currently has no plan to seek voter approval for general obligation indebtedness in excess of this amount.

(THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.)

IV. Detailed Notes on all Funds (continued)

F. Long-term Obligations (continued)

5. Schedule of Debt Service Requirements

The District's future annual debt service requirements are as follows:

	2020A and 2020B G.O. Bonds					
	Prin	cipal	Interest			
2022		-	664,230			
2023		35,000	664,230			
2024		50,000	661,780			
2025		55,000	658,280			
2026		70,000	654,430			
2027-2031		510,000	3,185,350			
2032-2036		910,000	2,954,000			
2037-2041	1	,465,000	2,563,750			
2042-2046	2	2,265,000	1,947,750			
2047-2049	3	3,797,000	743,540			
Total	\$ 9	,157,000	14,697,340			

6. Schedule of Changes in Long-term Obligations

Bond interest payable	122,458	111,012	-	233,470	_
Total	\$ 9,312,526	141,636	-	9,454,162	-

V. Other Information

A. 2009 Operation Funding Agreement

On December 10, 2009, the District entered into a 2009 Operation Funding Agreement, effective as of January 1, 2009 (the "2009 OFA") with City Center West, L.P., a Colorado limited partnership (the "Developer"). The 2009 OFA sets forth the terms and conditions under which the Developer advanced funds to the District for operations and maintenance expenses incurred in fiscal year 2009. The repayment obligation bears interest at a rate of 8%. The Developer's obligation to advance funds expired on February 28, 2010, and the District's obligation to reimburse the Developer for such advances expires on December 31, 2049. Any amounts outstanding after December 31, 2049, will be deemed discharged and satisfied in full.

V. Other Information (continued)

B. Amended and Restated Operation Funding Agreement

On June 2, 2014, the District entered into a 2014 Operation Funding Agreement with the Developer, which was amended by a First Amendment approved on November 12, 2014, a Second Amendment approved on November 2, 2015, a Third Amendment approved November 7, 2016, and a Fourth Amendment dated November 5, 2018, (as so amended, the "2014 OFA"). On March 11, 2020, the District and Developer entered into an Amended and Restated Operation Funding Agreement, which amended and restated the 2014 OFA in its entirety, as amended by that certain First Amendment to the Amended and Restated Operation Funding Agreement, dated November 2, 2020 (as so amended, the "Amended and Restated OFA") which sets forth the terms and conditions under which the Developer will advance funds to the District for operations and maintenance expenses incurred in fiscal years 2014 through 2021 up to the Shortfall Amount. On November 22, 2021, the District and Developer entered into the Second Amendment to the Amended and Restated OFA, which extends the period in which the Developer will cover the Shortfall Amount through fiscal year 2022. The repayment obligation bears interest at a rate of 8%. The Developer's obligation to advance funds expires upon advance to the District of amounts sufficient to pay expenses incurred in 2014 through 2021, not to exceed the Shortfall Amount, and the District's obligation to reimburse the Developer for such advances expires on December 31, 2044. Any amounts outstanding after December 31, 2044, will be deemed discharged and satisfied in full. The District's reimbursement obligation under the Amended and Restated OFA is subordinate to the 2009 OFA.

C. Facilities Funding and Acquisition Agreement

On March 11, 2020, the District entered into a Facilities Funding and Acquisition Agreement (the "FFAA") with the Developer with an effective date of January 1, 2020. The FFAA sets forth the terms and conditions pursuant to which the District will acquire public improvements constructed by the Developer. It is expected that a portion of the proceeds of the Series 2020A and Series 2020B Bonds will be used to reimburse the Developer for the costs of constructing public improvements and for organization expenses.

D. Cost Sharing Agreement

On October 28, 2011, the Developer and NCMC+BH Greeley II, LLC, a Colorado limited liability company ("Banner") entered into and recorded a Cost Sharing Agreement (the "Agreement"), which was acknowledged by the District and the City Center West Residential Metropolitan District (the "Residential District" and, collectively with the District, the "Districts"). Prior to the Agreement, Banner purchased a parcel of property adjacent to the development. The Agreement sets forth the terms and conditions under which the Developer or Banner will cause the installation of and share installation costs for certain infrastructure that serves both the Developer's and Banner's property. The Agreement provides that the Districts will pay the Developer's Portion of costs for the portion of the infrastructure that is contemplated by the Districts' Service Plan.

These costs will be paid from bond proceeds if: (i) the Districts issue and sell bonds related to the Service Plan infrastructure, (ii) funds are available from such bonds, and (iii) the Developer and Banner enter into a facility funding agreement related to the Service Plan. The Developer and Banner have not yet entered into a facility funding agreement as of December 31, 2021.

V. Other Information (continued)

E. Capital Pledge Agreement

On December 1, 2014, the District entered into a Capital Pledge Agreement with the Residential District that required the District to impose ad valorem property taxes for payment of the Residential District's Series 2014A Senior Bonds, the Series 2014B Subordinate Bonds, and any Additional Revenue Obligations (the "2014 Capital Pledge Agreement"). The lien on the pledged revenues had priority over any or all other obligations and liabilities of the District. The Residential District's Series 2014A Senior Bonds and 2014B Subordinate Bonds were refunded by the District's April 9, 2020 issuance of its Series 2020A Senior Bonds and Series 2020B Subordinate Bonds, and therefore, the 2014 Capital Pledge Agreement is no longer in effect.

On April 9, 2020, the Residential District entered into a Capital Pledge Agreement with the District, under which the Residential District agreed to pledge certain revenue to the District for the repayment of the District's Series 2020A Senior Bonds, Series 2020B Subordinate Bonds, and Additional Obligations, including revenue generated from the imposition of the Residential District Required Mill Levy, specific ownership taxes derived from the imposition of the Residential District Required Mill Levy, and revenue remitted to or collected by the Residential District that is generated from the imposition of payments in lieu of taxes (PILOTs) pursuant to recorded covenants (collectively, the "Residential District Pledged Revenue has priority over any or all other obligations and liabilities of the Residential District.

F. Intergovernmental Agreement with the City of Greeley, Colorado

On November 12, 2014, the District entered into an intergovernmental agreement with the City of Greeley, Colorado, (the "City") as required by the Service Plan. This agreement states the District will not take any action, including the issuance of any obligations or the imposition of any tax, which would constitute a material departure from the terms of the Service Plan. Any material departure from the terms of the Service Plan will entitle the City to protect and enforce its rights by such suit, action, or special proceedings as the City deems appropriate.

On June 6, 2019, the District, the Residential District and City Center West Residential District No. 2 entered into an Intergovernmental Agreement Regarding Debt Allocation (the "Debt Allocation IGA"). Pursuant to the Debt Allocation IGA, the District, the Residential District and City Center West Residential District No. 2 acknowledge that the Service Plan establishes a combined total aggregate debt limitation for all three districts of \$20,000,000 (the "Service Plan Debt Limit") and that the three districts are responsible for the provision, financing, construction, operation and maintenance of public informative within the collective service area of the three districts. Under the Debt Allocation IGA, the District and the Residential District are allocated \$13,000,000 of the Service Plan Debt Limit and City Center West Residential District No. 2 is allocated \$7,000,000 of the Service Plan Debt Limit. The three districts may agree to reallocate the Service Plan Debt Limit upon written agreement.

G. Colorado Special Districts Property and Liability Pool

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; or errors or omissions. The District is insured for such risks as a member of the Colorado Special Districts Property and Liability Pool ("Pool").

V. Other Information (continued)

G. Colorado Special Districts Property and Liability Pool (continued)

The Pool is an organization created by intergovernmental agreement to provide property and general liability, automobile physical damage and liability, public officials liability and boiler and machinery coverage to its members. The Pool provides coverage for property claims up to the values declared and liability coverage for claims up to \$1,000,000. There have been no claims in any of the past three years.

The District pays annual premiums to the Pool for liability, property and public official's coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

A summary of audited statutory basis financial information for the Pool as of and for the year ended December 31, 2020 (the latest audited information available) is as follows:

\$ 59	9,612,386
\$ 37	7,710,994
2	1,901,392
\$ 59	9,612,386
\$ 22	2,950,296
23	3,825,575
\$	(875,279)
	903,033
\$	27,754
	\$ 37 22 \$ 59 \$ 22 23

H. Related Party Transactions

All members of the Board of Directors are either officers or employees of entities related to the Developer.

I. Inclusion Covenant (8 Acres)

On March 11, 2020, the District, the Residential District, and BV Retail Land Holdings, LLLP ("BV Retail"), entered into an Inclusion Covenant (8 Acres), under which BV Retail covenanted that upon the occurrence of a triggering event, certain property it owns will be included into either the District or Residential District, as applicable, and that if such property is not included into one of the districts after a triggering event, or not included within 5 years of the effective date of the Inclusion Covenant (8 Acres), it will be subject to a covenant imposing a payment in lieu of taxes that is equivalent to the debt service mill levy imposed by the District.

V. Other Information (continued)

J. Inclusion Agreement for 8-Acre Parcel

On March 11, 2020, the District, the Residential District, and BV Retail Land Holdings, LLLP ("BV Retail"), entered into an Inclusion Agreement for 8-Acre Parcel, under which BV Retail agreed that upon the occurrence of a triggering event, certain property it owns will be included into either the District or Residential District. The Inclusion Agreement for 8-Acre Parcel also provides that, in the event such property becomes tax exempt, it will be subject to a covenant imposing a payment in lieu of taxes that is equivalent to the mill levies imposed by the District or Residential District, as applicable, and that if such property is not included into either the District or Residential District within 5 years of the effective date of the Inclusion Covenant (8 Acres), such property would be subject to a covenant imposing a payment in lieu of taxes that is equivalent to the debt service mill levy imposed by the District.

K. Exclusion/Inclusion Agreement for 20-Acre Parcel

On March 11, 2020, the District, the Residential District, and the Developer entered into an Exclusion/Inclusion Agreement for 20-Acre Parcel, under which the Developer agreed that, to the extent any property that it owns within the 20 acre parcel becomes residential property, such property shall be included into the Residential District, or, that such property will be excluded from the District and subsequently included into the Residential District, as applicable, and that such property will thereafter be subject to the Residential District's mill levies.

L. Consent Agreement Regarding Exclusion/Inclusion Agreement for 20-Acre Parcel

On October 5, 2021, the District, the Residential District, and La Salle Investors, LLC entered into a Consent Agreement Regarding Exclusion/Inclusion Agreement for 20-Acre Parcel (the "Consent Agreement") under which La Salle agreed to perform the obligations of the Developer under the Exclusion/Inclusion Agreement for 20-Acre Parcel to ensure that property classified as "residential" would remain or be included into the Residential District, and that property classified as "commercial" would remain or be included into the District. The Consent Agreement recognizes that La Salle had purchased certain property from the Developer (the "La Salle Property"), which, as of the date of the Consent Agreement, was classified as "commercial," and thus in the District. However, to the extent that La Salle obtained City zoning approval to use the La Salle Property as "residential" property, La Salle would Petition the District to exclude the La Salle Property from the District and also petition the Residential District to include the La Salle Property into the Residential District. The Consent Agreement further recognizes the parties' intent that the La Salle Property be subject to the mill levy of only of one the District or Residential District, but not both.

ENGINEER'S REPORT

Introduction

Ranger Engineering, LLC ("Ranger"), was retained by City Center West Commercial Metropolitan District ("District") as an Independent Consulting Engineer to certify costs associated with constructed Public Improvements for the District.

The District is located within the City of Greeley, Colorado ("City"). The service area of the District boundaries includes approximately 156 acres. This certification considers construction costs within and without the District boundaries.

The attached Engineer's Certification states that the Independent Consulting Engineer finds and determines that the constructed value of the Public Improvements considered in this Engineer's Report, from approximately January 2017 to July 2018, are valued at \$2,111,430.95.

Table I summarizes the cost breakdown of the construction costs. Table II provides District category breakdowns of construction costs reviewed for this certification. Table III provides a detailed breakdown of the hard costs per the Service Plan categories.

Public Improvements as Authorized by the Service Plan

Ranger reviewed the Second Amended and Restated Consolidated Service Plan for City Center West Commercial Metropolitan District, City Center West Residential Metropolitan District, and City Center West Residential Metropolitan District No. 2 ("Service Plan") approved August 16, 2016, prepared by McGeady Becher P.C.

Section I.B. of the Service Plan states:

There are currently no other governmental entities, including the City, located in the immediate vicinity of the Districts that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. The Districts are therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

Section V.a of the Service Plan further states:

The Districts shall have the power and authority to provide the Public Improvements within and without the boundaries of the Districts as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Colorado Constitution, subject to the limitations set forth in this Service Plan and the Intergovernmental Agreement.

Section V.a.9 of the Service Plan defines the total debt limitation as \$20,000,000 total aggregate principal amount.

The District boundary is described in Section III of the Service Plan as well as in Exhibits A, B, and C. Ranger has determined that the constructed improvements and associated soft and indirect construction

costs ("Public Improvements") under consideration in this report and certification for reimbursement by the District are indeed authorized by the Service Plan.

Scope of Certification

Based on Ranger's experience with metropolitan districts and review of the Service Plan, the Public Improvements were broken into the cost categories of Water, Sanitation, Storm Water, Streets and Parks and Recreation improvements. Only costs related to District Capital improvements have been considered for reimbursement. For a detailed breakdown of district eligible costs, refer to Tables II - III.

EVO Consulting Services, Inc. ("EVO") provided a certification of costs to City Center West Residential Metropolitan District on December 19, 2014. Ranger assumed the costs in EVO's report to be accurate and only reviewed the costs to verify there was not duplication with costs reviewed for this report. Furthermore, EVO reviewed costs related to the residential metropolitan district while Ranger reviewed costs related to the commercial metropolitan district. Although separate districts had costs reviewed, the total certified costs will be applied to the same aggregate total of allowable debt limitation, per the Service Plan.

General Methodology

Ranger employed a phased approach toward the preparation of this Engineer's Report and Certification of Public Costs ("Engineer's Certification").

Phase I – Authorization to Proceed and Document Gathering

Ranger engaged with the District in September 2019 to proceed with the Engineer's Certification. Ranger received initial documentation in September 2019 and coordinated with BV Retail Landholdings, L.L.L.P., via Westside Investment Partners, LLC ("Developer") to verify supporting documentation to certify the costs related to construction improvements.

Phase II - Site Visit

Ranger performed a site visit to document completion of the Public Improvements. The intent of the site visit was to verify general completion of pay application quantities in accordance with the approved construction drawings and does not guarantee quality or acceptance of Public Improvements. It is assumed that the City or another third party provided QA/QC and acceptance of the improvements.

At the time of this report, initial acceptance of the improvements was not completed with the City. During construction, there was turnover at the City as well as with the Waner Construction Co., Inc. ("Contractor") which led to the initial acceptance not being completed. Ranger had coordination with the City to verify outstanding items necessary to achieve initial acceptance. The City provided a minor list of items, which the Developer has identified and is willing to complete. Additionally, once accepted, all public improvements will be conveyed to the City.

Phase III - Review of Documentation

Documentation was requested at the beginning of work. Requested documentation include the following:

- Executed Contracts and Bid Tabs
- Approved Construction Drawings
- Acceptable Proof of Payment (Cancelled checks and bank statements or lien waivers)
- Invoices and/or Pay Applications

- Approved changes or amendments to contract documents
- Copies of any agreements that will impact District funding

See Appendix A for a complete listing of documents reviewed, as deemed necessary, by Ranger.

Phase IV - Verification of Construction Quantities

Construction quantity take-offs were performed from available construction drawings and site plans. These quantity take-offs were used in conjunction with Phase V below to certify reasonableness of construction costs.

Phase V - Verification of Construction Unit Costs and Indirect Costs

Construction Unit Costs and Indirect Costs were reviewed for market reasonableness. Ranger took into consideration the type of construction and the timeframe during which the construction occurred. Ranger reviewed the Contractor's agreement and schedule of values as well as detailed construction pay applications.

Phase VI – Verification of Payment for Public Costs

The Developer provided payments for hard costs to cover the construction of Public Improvements. The Developer provided copies of Contractor lien waivers for all hard costs related to the Public Improvements, including an unconditional final release. Only costs with an approved form of proof of payment have been certified in this report.

Phase VII - Determination of Costs Eligible for Reimbursement

Ranger concluded the Engineer's Certification by determining which improvements were eligible for District reimbursement and what percent of the costs for those improvements were reimbursable.

All costs within the provided within the Contractor's schedule of values were verified as relating to Public Improvements, except for electrical updates and portions of earthwork. Dry utilities are not considered Public Improvements. A percent allocation was determined for earthwork based upon public versus private areas per the construction drawings as well as final allocation of eligible change order costs into the final contract schedule of values. A public percent allocation of 41.1% was determined.

Public Improvement for this certification includes Water, Sanitation, Storm Water, Streets and Parks and Recreation improvements. The tables in this report identify eligible Capital costs directly paid by the Developer.

ENGINEER'S CERTIFICATION

Collin D. Koranda, P.E. / Ranger Engineering, LLC (the "Independent Consulting Engineer"), states as follows:

- 1. The Independent Consulting Engineer is an engineer duly qualified and licensed in the State of Colorado with experience in the design, construction and certification of Public Improvements of similar type and function as those described in the above Engineer's Report.
- 2. The Independent Consulting Engineer has performed a site visit and reviewed applicable construction and legal documents related to the Public Improvements under consideration to state the conclusions set forth in this Engineer's Certification.
- 3. The Independent Consulting Engineer finds and determines that the constructed value of Capital costs related to the Public Improvements considered in the attached Engineer's Report dated October 1, 2019 including soft & indirect, District funded, and hard costs, are valued at \$2,111,430.95. In the opinion of the Independent Consulting Engineer, the above stated estimated value for the Public Improvements is reasonable and consistent with costs of similar improvements constructed for similar purposes during the same timeframe in similar locales.

Sincerely,

Ranger Engineering, LLC

Collin D. Koranda, P. E.

ENGINEER'S REPORT

Introduction

Ranger Engineering, LLC ("Ranger"), was retained by City Center West Commercial Metropolitan District ("District") as an Independent Consulting Engineer to certify costs associated with constructed Public Improvements for the District.

The District is located within the City of Greeley, Colorado ("City"). The service area of the District boundaries includes approximately 53 acres per a property description sealed October 23, 2019. This certification considers construction costs within and without the District boundaries.

The attached Engineer's Certification states that the Independent Consulting Engineer finds and determines that the constructed value of the Public Improvements considered in this Engineer's Report, from approximately January 2019 to October 2020, are valued at \$889,024.23. This report considers soft costs as well as hard costs submitted in Draws 1-8. Table I provides a summary of costs certified in each Draw.

			Table I – Cost C	Certified to Date		
Certification	Draw No.	Date	Costs Paid This Period	District Eligible Hard Costs this Period	District Eligible Soft Costs this Period	Total Eligible Costs to Date
01	01	12/5/2020	\$261,341.93	\$40,137.12	\$63,458.03	\$103,595.16
01	02	12/5/2020	\$830,286.79	\$455,543.79	\$4,384.92	\$459,928.71
01	03	12/5/2020	\$87,161.19	\$50,642.81	\$406.76	\$51,049.56
01	04	12/5/2020	\$46,658.97	\$14,322.48	\$217.74	\$14,540.22
01	05	12/5/2020	\$234,524.82	\$74,492.91	\$1,094.46	\$75,587.37
01	06	12/5/2020	\$272,723.17	\$119,005.12	\$8,668.00	\$127,673.12
01	07	12/5/2020	\$22,991.54	\$11,123.65	\$403.06	\$11,526.71
01	08	12/5/2020	\$90,030.77	\$42,624.63	\$2,498.75	\$45,123.38
	Totals		\$1,845,719.17	\$807,892.50	\$81,131.73	\$889,024.23

Table II summarizes the cost breakdown of the construction costs. Tables III and IV provide category breakdowns of construction and soft and indirect costs reviewed for this certification. Table V provides a summary of cost distribution by the multiple parties associated with the project. Table VI provides a detailed breakdown of the eligible hard costs per the Service Plan categories. Table VII provides a detailed breakdown of the eligible soft costs per the Service Plan categories.

Public Improvements as Authorized by the Service Plan

Ranger reviewed the Second Amended and Restated Consolidated Service Plan for City Center West Commercial Metropolitan District, City Center West Residential Metropolitan District, and City Center West Residential Metropolitan District No. 2 ("Service Plan") approved August 16, 2016, prepared by McGeady Becher P.C.

Section I.B. of the Service Plan states:

There are currently no other governmental entities, including the City, located in the immediate vicinity of the Districts that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. The Districts are therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

Section V.A of the Service Plan further states:

The Districts shall have the power and authority to provide the Public Improvements within and without the boundaries of the Districts as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Colorado Constitution, subject to the limitations set forth in this Service Plan and the Intergovernmental Agreement.

Section V.A.9 of the Service Plan defines the total debt limitation as \$20,000,000 total aggregate principal amount. Per an Intergovernmental Agreement between City Center West Residential Metropolitan District, City Center West Residential Metropolitan District No. 2 and City Center West Commercial Metropolitan District, City Center West Residential District and City Center West Commercial Metropolitan District have a combined authorized allocation of \$13,000,000 in debt.

The District boundary is described in Section III of the Service Plan as well as in Exhibits A, B, and C. The District boundary has also been reviewed per a property description. Ranger has determined that the constructed improvements and associated soft and indirect construction costs ("Public Improvements") under consideration in this report and certification for reimbursement by the District are indeed authorized by the Service Plan.

Scope of Certification

Based on Ranger's experience with metropolitan districts and review of the Service Plan, the Public Improvements were broken into the cost categories of Water, Sanitation, Storm Water, Streets and Parks and Recreation improvements. Only costs related to District Capital improvements have been considered for reimbursement. For a detailed breakdown of district eligible costs, refer to Tables VI and VIII.

The current scope of work under consideration for certification is related to the Pond DD and 8th Street Improvements ("Pond DD"). There are five entities that are a part of an Escrow Agreement with Land Title Guarantee Company. The five entities are CCW Development, LLC, Saunders Commercial Development Company, LLC, SCDC Greeley MF Borrower, LLC, City Center West, LP and BV Retail Land Holdings, LLLP are collectively referred to within as the Developer ("Developer"). The costs contributed by the Developer are considered to be District eligible specific to City Center West Commercial Metropolitan District. Costs contributed by other entities are subject to review per reimbursement agreements of other metropolitan districts.

General Methodology

Ranger employed a phased approach toward the preparation of this Engineer's Report and Certification of Public Costs ("Engineer's Certification").

Phase I - Authorization to Proceed and Document Gathering

Ranger engaged with the District in September 2019 to proceed with the Engineer's Certification. Ranger received initial documentation in September 2019 and coordinated with the Developer to verify supporting documentation to certify the costs related to construction improvements.

Phase II - Site Visit

Ranger performed a site visit to document completion of the Public Improvements. The intent of the site visit was to verify general completion of pay application quantities in accordance with the approved construction drawings and does not guarantee quality or acceptance of Public Improvements. It is assumed that the City or another third party provided QA/QC and acceptance of the improvements.

Phase III - Review of Documentation

Documentation was requested at the beginning of work. Requested documentation include the following:

- Executed Contracts and Bid Tabs
- Approved Construction Drawings
- Acceptable Proof of Payment (Cancelled checks and bank statements or lien waivers)
- Invoices and/or Pay Applications
- Approved changes or amendments to contract documents
- Copies of any agreements that will impact District funding

See Appendix A for a complete listing of documents reviewed, as deemed necessary, by Ranger.

Phase IV - Verification of Construction Quantities

Construction quantity take-offs were performed from available construction drawings and site plans. These quantity take-offs were used in conjunction with Phase V below to certify reasonableness of construction costs.

Phase V - Verification of Construction Unit Costs and Indirect Costs

Construction Unit Costs and Indirect Costs were reviewed for market reasonableness. Ranger took into consideration the type of construction and the timeframe during which the construction occurred. Ranger reviewed the Contractor's agreement and schedule of values as well as detailed construction pay applications.

Phase VI - Verification of Payment for Public Costs

Saunders Commercial Development Company, LLC ("Saunders") is providing Construction Management services related to the project. Costs paid out to vendors and contractors associated with the public improvements have been paid directly by Saunders. Saunders has provided either copies of cleared checks from a bank or unconditional lien waivers. Saunders is eligible to draw against the escrow funds equal to draw amounts that have been submitted for review. The Developer is subject to reimbursement by the District for eligible costs, with the reimbursement amount not to exceed the Developer's contributions to the escrow account per the cost sharing agreement.

Phase VII - Determination of Costs Eligible for Reimbursement

Ranger concluded the Engineer's Certification by determining which improvements were eligible for District reimbursement and what percent of the costs for those improvements were reimbursable.

All costs within the provided within the Contractor's schedule of values were verified as relating to Public Improvements.

Public Improvement for this certification includes Water, Sanitation, Storm Water, Streets and Parks and Recreation improvements. The tables in this report identify eligible Capital costs directly paid by the Saunders.

ENGINEER'S CERTIFICATION

Collin D. Koranda, P.E. / Ranger Engineering, LLC (the "Independent Consulting Engineer"), states as follows:

- 1. The Independent Consulting Engineer is an engineer duly qualified and licensed in the State of Colorado with experience in the design, construction and certification of Public Improvements of similar type and function as those described in the above Engineer's Report.
- 2. The Independent Consulting Engineer has performed a site visit and reviewed applicable construction and legal documents related to the Public Improvements under consideration to state the conclusions set forth in this Engineer's Certification.
- 3. The Independent Consulting Engineer finds and determines that the constructed value of Capital costs related to the Public Improvements considered in the attached Engineer's Report dated December 11, 2020 including soft & indirect, District funded, and hard costs, are valued at \$889,024.23. In the opinion of the Independent Consulting Engineer, the above stated estimated value for the Public Improvements is reasonable and consistent with costs of similar improvements constructed for similar purposes during the same timeframe in similar locales.

Sincerely,

Ranger Engineering, LLC

Collin D. Koranda, P. E.

APPENDIX A

Documents Reviewed

Construction Documents

- Final Utility Plans for City Center West Residential Subdivision, First Filing. Prepared by Northern Engineering. Approved 11/20/2019.
- City Center West Residential Subdivision, First Filing, Final Plat. Prepared by Norther Engineering. Recorded 11/14/2019.

Contractor Pay Applications

• Coyote Ridge Construction LLC. Pay Applications 09 – 09. Dated 01/31/2020 – 09/30/2020.

District Documents and Agreements

- Second Amended and Restated Consolidated Service Plan for City Center West Commercial Metropolitan District, City Center West Residential Metropolitan District, and City Center West Residential Metropolitan District No. 2. Approved August 16, 2016. Prepared by McGeady Becher P.C.
- City Center West Residential Metropolitan District Reimbursement Recommendation for Public Infrastructure Improvement Costs. Dated December 19, 2014. Prepared by EVO Consulting Services, Inc.
- Facilities Funding and Acquisition Agreement between City Center West Commercial Metropolitan District and City Center West, LP. Effective date of January 1, 2020.
- Escrow Agreement. Entered between CCW Development, LLC, Saunders Commercial Development Company, LLC, SCDC Greeley MF Borrower, LLC, City Center West, LP and BV Retail Land Holdings, LLLP. Dated 11/25/2019.
- Property Description City Center West Commercial Metropolitan District. Prepared by King Surveyors. Dated 10/23/2019.
- an Intergovernmental Agreement between City Center West Residential Metropolitan District, City Center West Residential Metropolitan District No. 2 and City Center West Commercial Metropolitan District. Dated 6/6/2019.

ENGINEER'S REPORT

Introduction

Ranger Engineering, LLC ("Ranger"), was retained by City Center West Commercial Metropolitan District ("District") as an Independent Consulting Engineer to certify costs associated with constructed Public Improvements for the District.

The District is located within the City of Greeley, Colorado ("City"). The service area of the District boundaries includes approximately 53 acres per a property description sealed October 23, 2019. This certification considers construction costs within and without the District boundaries.

The attached Engineer's Certification states that the Independent Consulting Engineer finds and determines that the constructed value of the Public Improvements considered in this Engineer's Report, from approximately November 2020 to June 2021, are valued at **\$298,498.69**. This report considers soft costs as well as hard costs submitted in Draws 9-10. Table I provides a summary of costs certified in each Draw.

			Table I – Cost (Certified to Date		
Certification	Draw No.	Date	Costs Paid This Period	District Eligible Hard Costs this Period	District Eligible Soft Costs this Period	Total Eligible Costs to Date
01	01	12/5/2020	\$261,341.93	\$40,137.12	\$63,472.80	\$103,609.92
01	02	12/5/2020	\$830,286.79	\$455,543.79	\$4,434.04	\$459,977.83
01	03	12/5/2020	\$87,161.19	\$50,642.81	\$411.68	\$51,054.49
01	04	12/5/2020	\$46,658.97	\$14,322.48	\$220.38	\$14,542.86
01	05	12/5/2020	\$234,524.82	\$74,492.91	\$1,107.72	\$75,600.62

01	08	12/5/2020	\$1,845,719.17	\$42,624.63	\$2,503.84	\$45,128.47
02	9 and 10	7/1/2021	\$670,759.52	\$273,809.02	\$24,689.67	\$298,498.69
	Totals		\$4,272,167.10	\$1,081,701.52	\$105,927.73	\$1,187,629.25

Table II summarizes the cost breakdown of the construction costs. Tables III and IV provide category breakdowns of construction and soft and indirect costs reviewed for this certification. Table V provides a summary of cost distribution by the multiple parties associated with the project. Table VI provides a detailed breakdown of the eligible hard costs per the Service Plan categories. Table VII provides a detailed breakdown of the eligible soft costs per the Service Plan categories.

Public Improvements as Authorized by the Service Plan

Ranger reviewed the Second Amended and Restated Consolidated Service Plan for City Center West Commercial Metropolitan District, City Center West Residential Metropolitan District, and City Center West Residential Metropolitan District No. 2 ("Service Plan") approved August 16, 2016, prepared by McGeady Becher P.C.

Section I.B. of the Service Plan states:

There are currently no other governmental entities, including the City, located in the immediate vicinity of the Districts that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. The Districts are therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

Section V.A of the Service Plan further states:

The Districts shall have the power and authority to provide the Public Improvements within and without the boundaries of the Districts as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Colorado Constitution, subject to the limitations set forth in this Service Plan and the Intergovernmental Agreement.

Section V.A.9 of the Service Plan defines the total debt limitation as \$20,000,000 total aggregate principal amount. Per an Intergovernmental Agreement between City Center West Residential Metropolitan District, City Center West Residential Metropolitan District No. 2 and City Center West Commercial Metropolitan District, City Center West Residential District and City Center West Commercial Metropolitan District have a combined authorized allocation of \$13,000,000 in debt.

The District boundary is described in Section III of the Service Plan as well as in Exhibits A, B, and C. The District boundary has also been reviewed per a property description. Ranger has determined that the constructed improvements and associated soft and indirect construction costs ("Public Improvements") under consideration in this report and certification for reimbursement by the District are indeed authorized by the Service Plan.

Scope of Certification

Based on Ranger's experience with metropolitan districts and review of the Service Plan, the Public Improvements were broken into the cost categories of Water, Sanitation, Storm Water, Streets and Parks and Recreation improvements. Only costs related to District Capital improvements have been considered for reimbursement. For a detailed breakdown of district eligible costs, refer to Tables VI and VIII.

The current scope of work under consideration for certification is related to the Pond DD and 8th Street Improvements ("Pond DD"). There are five entities that are a part of an Escrow Agreement with Land Title Guarantee Company. The five entities are CCW Development, LLC, Saunders Commercial Development Company, LLC, SCDC Greeley MF Borrower, LLC, City Center West, LP and BV Retail Land Holdings, LLLP are collectively referred to within as the Developer ("Developer"). The costs contributed by the Developer are considered to be District eligible specific to City Center West Commercial Metropolitan District. Costs contributed by other entities are subject to review per reimbursement agreements of other metropolitan districts.

General Methodology

Ranger employed a phased approach toward the preparation of this Engineer's Report and Certification of Public Costs ("Engineer's Certification").

Phase I – Authorization to Proceed and Document Gathering

Ranger engaged with the District in September 2019 to proceed with the Engineer's Certification. Ranger received initial documentation in September 2019 and coordinated with the Developer to verify supporting documentation to certify the costs related to construction improvements.

Phase II – Site Visit

Ranger performed a site visit to document completion of the Public Improvements. The intent of the site visit was to verify general completion of pay application quantities in accordance with the approved construction drawings and does not guarantee quality or acceptance of Public Improvements. It is assumed that the City or another third party provided QA/QC and acceptance of the improvements.

Phase III - Review of Documentation

Documentation was requested at the beginning of work. Requested documentation include the following:

- Executed Contracts and Bid Tabs
- Approved Construction Drawings
- Acceptable Proof of Payment (Cancelled checks and bank statements or lien waivers)
- Invoices and/or Pay Applications
- Approved changes or amendments to contract documents
- Copies of any agreements that will impact District funding

See Appendix A for a complete listing of documents reviewed, as deemed necessary, by Ranger.

Phase IV - Verification of Construction Quantities

Construction quantity take-offs were performed from available construction drawings and site plans. These quantity take-offs were used in conjunction with Phase V below to certify reasonableness of construction costs.

Phase V - Verification of Construction Unit Costs and Indirect Costs

Construction Unit Costs and Indirect Costs were reviewed for market reasonableness. Ranger took into consideration the type of construction and the timeframe during which the construction occurred. Ranger reviewed the Contractor's agreement and schedule of values as well as detailed construction pay applications.

On Cost Certification #02, the City of Greeley required additional sanitary sewer upsizing in existing infrastructure and an additional contractor scope of work was added to the cost review.

Phase VI – Verification of Payment for Public Costs

Saunders Commercial Development Company, LLC ("Saunders") is providing Construction Management services related to the project. Costs paid out to vendors and contractors associated with the public improvements have been paid directly by Saunders. Saunders has provided either copies of

cleared checks from a bank or unconditional lien waivers. Saunders is eligible to draw against the escrow funds equal to draw amounts that have been submitted for review. The Developer is subject to reimbursement by the District for eligible costs, with the reimbursement amount not to exceed the Developer's contributions to the escrow account per the cost sharing agreement.

On Cost Certification #02, all payments in Draw 09 were verified as completed. In Draw 10, costs were to be funded out of escrow and required final certification of costs to release funding.

Phase VII - Determination of Costs Eligible for Reimbursement

Ranger concluded the Engineer's Certification by determining which improvements were eligible for District reimbursement and what percent of the costs for those improvements were reimbursable.

All costs within the provided within the Contractor's schedule of values were verified as relating to Public Improvements.

Public Improvement for this certification includes Water, Sanitation, Storm Water, Streets and Parks and Recreation improvements. The tables in this report identify eligible Capital costs directly paid by the Saunders or escrow agreements.

The Remainder of the Page Intentionally Left Blank

ENGINEER'S CERTIFICATION

Collin D. Koranda, P.E. / Ranger Engineering, LLC (the "Independent Consulting Engineer"), states as follows:

- 1. The Independent Consulting Engineer is an engineer duly qualified and licensed in the State of Colorado with experience in the design, construction and certification of Public Improvements of similar type and function as those described in the above Engineer's Report.
- 2. The Independent Consulting Engineer has performed a site visit and reviewed applicable construction and legal documents related to the Public Improvements under consideration to state the conclusions set forth in this Engineer's Certification.
- 3. The Independent Consulting Engineer finds and determines that the constructed value of Capital costs related to the Public Improvements considered in the attached Engineer's Report dated July 1, 2021 including soft & indirect, District funded, and hard costs, are valued at \$298,498.69. In the opinion of the Independent Consulting Engineer, the above stated estimated value for the Public Improvements is reasonable and consistent with costs of similar improvements constructed for similar purposes during the same timeframe in similar locales.

Sincerely,

Ranger Engineering, LLC

Collin D. Koranda, P. E.

2022 Budget

2022 Budget Message

Introduction

The District was formed in 2008 for the purpose of providing design, financing, acquisition, and construction of certain infrastructure improvements.

The 2022 budget was prepared in accordance with the Local Government Budget Law of Colorado. The budget reflects the projected spending plan for the 2022 fiscal year based on available revenues. This budget provides for the general operation of the District and facilitation of capital project expenditures.

The District's 2021 assessed value increased 8.6658% from \$5,365,430 to \$5,830,390. The District certified a mill levy of 60.000 mills for taxes to be collected in the 2022 fiscal year, with 50.000 mills dedicated to the Debt Service Fund and 10.000 mills dedicated to the General Fund.

Budgetary Basis of Accounting

The District uses fund accounting to budget and report on the financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions. The various funds determine the total District budget. All of the District's funds are considered Governmental Funds and are reported using the current financial resources and the modified accrual basis of accounting. Revenues are recognized when they are measurable and available. Revenues are considered available when they are collectible within the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures, other than the interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation paid.

Fund Summaries

The **General Fund** is used to account for resources traditionally associated with government such as property taxes, specific ownership tax and expenditures which include District administration, legal services, and other expenses related to statutory operations of a local government.

The **Debt Service Fund** was used in prior years to account for property taxes and other revenues pledged to City Center West Residential Metropolitan District. In 2020, the District issued Limited Tax General Obligation Refunding and Improvement Bonds Series 2020A in the amount of \$7,995,000 and Subordinate Limited Tax General Obligation Bonds Series 2020B in the amount of \$1,162,000. Below is a summary of the District's long-term General Obligation Debt.

Total	\$ 7,995,000	\$ 11,769,100	\$ 19,764,100	\$ 1,162,000	\$ 2,928,240	\$ 4,090,240	\$ 9,157,000	\$ 14,697,340	\$ 23,854,340

The Capital Projects Fund is used to account for revenues and expenditures to complete public improvements. The primary source of revenue is the 2020A and 2020B Bond Proceeds.

Emergency Reserve

As required under Article X, Section 20 of the Colorado Constitution, the District has provided for an Emergency Reserve in the amount of 3% of the total fiscal year revenues in the General Fund.
